

Commercial flights are offered both Saturday morning and afternoon and again on Sunday morning. Passengers will need to meet at the event site at 6 a.m. on Saturday and Sunday morning (for the Saturday and Sunday morning flights) or at 5:30 p.m. on Saturday (for the Saturday afternoon flights) for a short pilot briefing before launching. Flights are \$250 and require a \$50 deposit at time of reservation. Depending on the specific pilot's balloon, a basket will typically hold up to 6 passengers. Passengers might be flying with people outside their group. Flights typically last 45 minutes to 1.5 hours, depending on wind. We will get the passengers information and pass it on to our balloonmeister, Pat Harwell, and he will schedule the flight and notify the passenger to confirm flight the week of the festival. Please wear closed-toe shoes and light-weight cotton clothing.
